YOUR SUPPORT HELPS FUND:

- Our talented and dedicated organizing staff
- Our work in coalition with frontline communities
- Statewide advocacy & education campaigns and events
- Our leadership of the WA Against Nuclear Weapons Coalition

Support PEACE, JUSTICE, AND HEALTH

Washington Physicians for Social Responsibility (WPSR) is a 40-year-old, health professional-led advocacy organization working to create a healthy, just, peaceful and sustainable world. We take on the gravest current threats to human health and survival - nuclear weapons, economic inequity, and a climate crisis driven by dependence on fossil fuels. WPSR leverages the credible and trusted voice of healthcare professionals to educate the public, influence decision-makers, and promote public policies that support our mission.

VISION

We envision a world where all live healthy lives free from the threats of nuclear war, global climate catastrophe and injustice.

Our key accomplishments include:

Climate: Stopping fossil fuel infrastructure projects in WA, advocating for clean fuels and transportation, clean air, and policies that address the disproportionate burden of climate change on the most vulnerable.

Economic Inequity: Reforming Washington's most-regressive-in-the-nation tax system; passing housing policies that protect our communities from the health impacts of eviction and homelessness.

Nuclear Weapons: Lobbying all of WA senators and representatives to support abolition, sane nuclear policy, and justice for those who have been harmed by the ugly legacy of nuclear weapons production, testing, and use.

Bringing the health voice to bear on the gravest threats to human health and survival for over 40 years.

CONFIRMATION FORM

Yes!

We are proud to sponsor Washington Physicians for Social Responsibility (WPSR)! We authorize WPSR to include our name and/or logo in event material consistent with our selected sponsorship commitment.
